Mr. Longenecker:

Thank you for calling me yesterday regarding the status of the FOIA.

I will be sending you several emails that provides some details and insight into the results we have gotten from the searches we have conducted. As I indicated during our call, based on these numbers we are looking at this being a long term FOIA that will take upwards of 9-12 months or more to review. Based on the data we reviewed, we also expect the FOIA to cost somewhere in the range of \$11,000 to \$15,000.

Here is the search we conducted on question 1. Because we are limited to 500 keywords per search we seperated it into two searches.

1a. Used "Consent Decree" and resulted in 4,736 emails found with all but 76 without attachments

1b. Used "Consent Order" and resulted in 17 emails found all with attachments

Please let me know if we need to redefine the search or scope.

Question 1.

All records generated, modified, received OR sent after February 14, 2013, relating to the Consent Decree between Sunnyside Gold Corporation AND the Colorado Water Quality Control Division of the Colorado Department of Public Health AND Environment, Case No. 94-CV 5499, District Court, City AND County of Denver, Colorado (the "Consent Decree"), including but not limited to documents reflecting communications between AND among EPA, the State of Colorado AND third parties relating to the Consent Decree, AND internal EPA communications relating to the Consent Decree.
